

The image shows a sophisticated outdoor terrace at night. In the background, the iconic sail-shaped Burj Al Arab hotel is illuminated against a dark blue sky. The terrace features a curved, modern structure with a series of columns decorated with intricate, glowing patterns. The ground is paved with light-colored stones, and several potted plants in terracotta pots are arranged along the edge. A large glass door on the right side of the terrace is lit from within, showing a glimpse of the interior. The overall atmosphere is one of elegance and luxury.

# East Meets West

Where days melt into evenings, KIRA unveils a breathtaking blend of Mediterranean and Japanese soul.

Natural, light and balanced flavors complement an entrancing ambiance of hand-painted decor and warm terracotta accents where KIRA creates an atmosphere that immerses all the senses.

Harmonizing refined Japanese minimalism with inviting Mediterranean warmth, this synthesis of cultural influences enhances the uniqueness and joy of shared experiences. More than fine dining, KIRA is a gateway to the celebration of life and beauty with every visit.

## Japanese Grace Meets

A warm ethereal beauty that fuels life. Like a beam of sunlight, KIRA celebrates the power of graceful femininity, warmly embracing all that she touches.

KIRA embarks guests into a unique oneiric realm where every visit unfolds as an unrepeatable journey. Life is celebrated in a way that no experience is repeated, encapsulating moments that are only meant to be lived and savored once.

# Culinary Philosophy

Our cuisine exceeds a mere integration of Japanese and Mediterranean flavors and techniques; it represents a symphony of culinary alchemy. Our philosophy centers on light, balance, and brightness, featuring a selection of memorable plates meant to be shared.

Indulge in dishes enhanced by diverse gastronomic instruments. From the robata open fire grill to the tandoor oven, open kitchen spaces encourage guests to witness the artistry and detail behind each creation.

Fresh produce is sourced locally and globally—essential for crafting flavour-enhanced presentations. From the preparation of seasonal, wild-caught Mediterranean fish to the final touches on beautifully plated dishes, dining at KIRA becomes an exploration of taste and texture, where every bite narrates a story of cultural richness and artistry.

# Cocktail Philosophy

A cocktail philosophy founded on the exploration of flavour, drawing inspiration from the crossroads of Mediterranean and Japanese culture. More than just mixology; it's the art of creating liquid experiences that are light, refreshing, and perfectly attuned to the flavours of our gastronomic selection. We seek to create mixology that feels as much a part of the meal as the food itself—each sip designed to awaken the palate and enhance the culinary journey.

The interplay of refreshing botanicals, citrus, and herbs paired with fresh, seasonal ingredients from around the world, allows us to build cocktails that feel both timeless and modern.

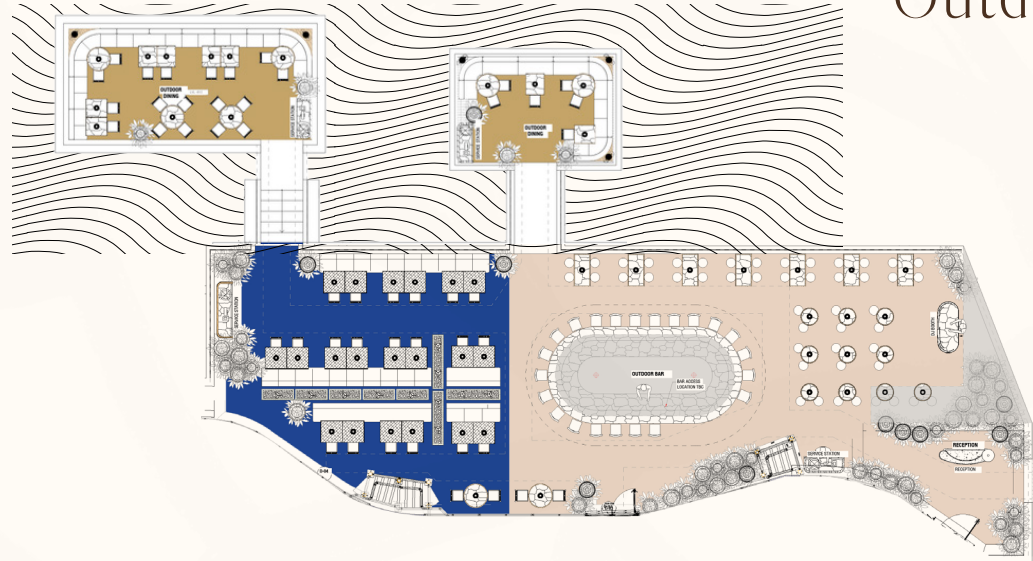

An extension of the dining experience, where every cocktail is an invitation to explore and engage with a blend of cultures.
