East Meets West

Where days melt into evenings, KIRA unveils a breathtaking blend of Mediterranean and Japanese soul.

Natural, light and balanced flavors complement an entrancing ambiance of hand-painted decor and warm terracotta accents where KIRA creates an atmosphere that immerses all the senses.

Harmonizing refined Japanese minimalism with inviting Mediterranean warmth, this synthesis of cultural influences enhances the uniqueness and joy of shared experiences. More than fine dining, KIRA is a gateway to the celebration of life and beauty with every visit.

Japanese Grace Meets Mediterranean flair

A warm ethereal beauty that fuels life. Like a beam of sunlight, KIRA celebrates the power of graceful femininity, warmly embracing all that she touches.

KIRA embarks guests into a unique oneiric realm where every visit unfolds as an unrepeatable journey. Life is celebrated in a way that no experience is repeated, encapsulating moments that are only meant to be lived and savored once.

Culinary Philosophy

Our cuisine blends Japanese precision with Mediterranean soul - a symphony of light, balance, and flavor. Each dish is crafted to be shared and savored, celebrating culinary artistry and connection.

Open kitchens invite guests to witness the craft behind every creation, from the robata grill to the tandoor oven.

With locally and globally sourced produce, every plate at KIRA tells a story of seasonality, texture, and cultural richness.

Cocktail Philosophy

Our cocktail philosophy celebrates the harmony of Mediterranean and Japanese influences - where mixology becomes an art of flavor and balance.

Each creation is crafted to complement the dining experience, awakening the senses with light, refreshing notes and seasonal ingredients.

At KIRA, every cocktail is an invitation to explore, connect, and savor a blend of cultures.

A photograph of a sophisticated bar interior. The background features a large, ornate mural of a peacock with its feathers spread, rendered in gold and brown tones. Above the mural, several large, cylindrical, ribbed lamps hang from the ceiling. In the foreground, a row of high-top tables is arranged, each with a set of four stools. The stools have dark, tufted, oval-shaped seats and cylindrical, polished brass-colored frames with circular footrests. The floor is a dark, polished marble with a subtle veining pattern.
